Course Description

The **CPC10111 Certificate I in Construction** provides an introduction to the construction industry, its culture, occupations, job roles and workplace expectations. It covers essential work health and safety requirements, the industrial and work organisation structure, communication skills, work planning, and basic use of tools and materials. It is built around a basic construction project.

Potential Career Pathways

- Trade Assistant
- Carpentry Apprenticeship
- Traineeship in the construction industry (Steelfixer, Concreter)
